## Connected and engaged on the go

Deals are made on the road. MLS-Touch is a premium mobile app by Prospects Software that keeps you connected to listings and engaged with leads and clients from where ever you are.

**Integrated with Matrix™, Realist® and Prospects CRM** - MLS-Touch is part of a seamless mobile and desktop ecosystem. Contacts, suggested listings and favorites synchronize between MLS-Touch, Matrix, the Client Portal, and Prospects CRM. Carts and Saved Searches sync with Matrix. You can edit your listing's price, public remarks, and private remarks. And if your MLS uses Realist, you can also access public record data for ownership and occupancy, assessed values, and property tax.

“ Using Prospects' Brand & Share™ feature has really improved my client engagement. My clients love having mobile access to all the listings in our market, and when they have questions they can easily contact me directly. ”

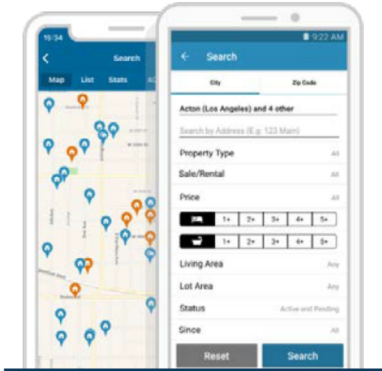

**Jeff Mikolajow,**  
RE/MAX First

“ The Facebook feature has been the answer to getting our listings on Facebook and the fact that it publishes our listings automatically means that once it is setup, we never really have to worry about it again. Thank you, MLS-Touch! ”

**Jeremy Lehman,**  
Seven Gables Real Estate
