Live stream open houses (formerly “virtual open houses”) now in the Flexmls Pro App

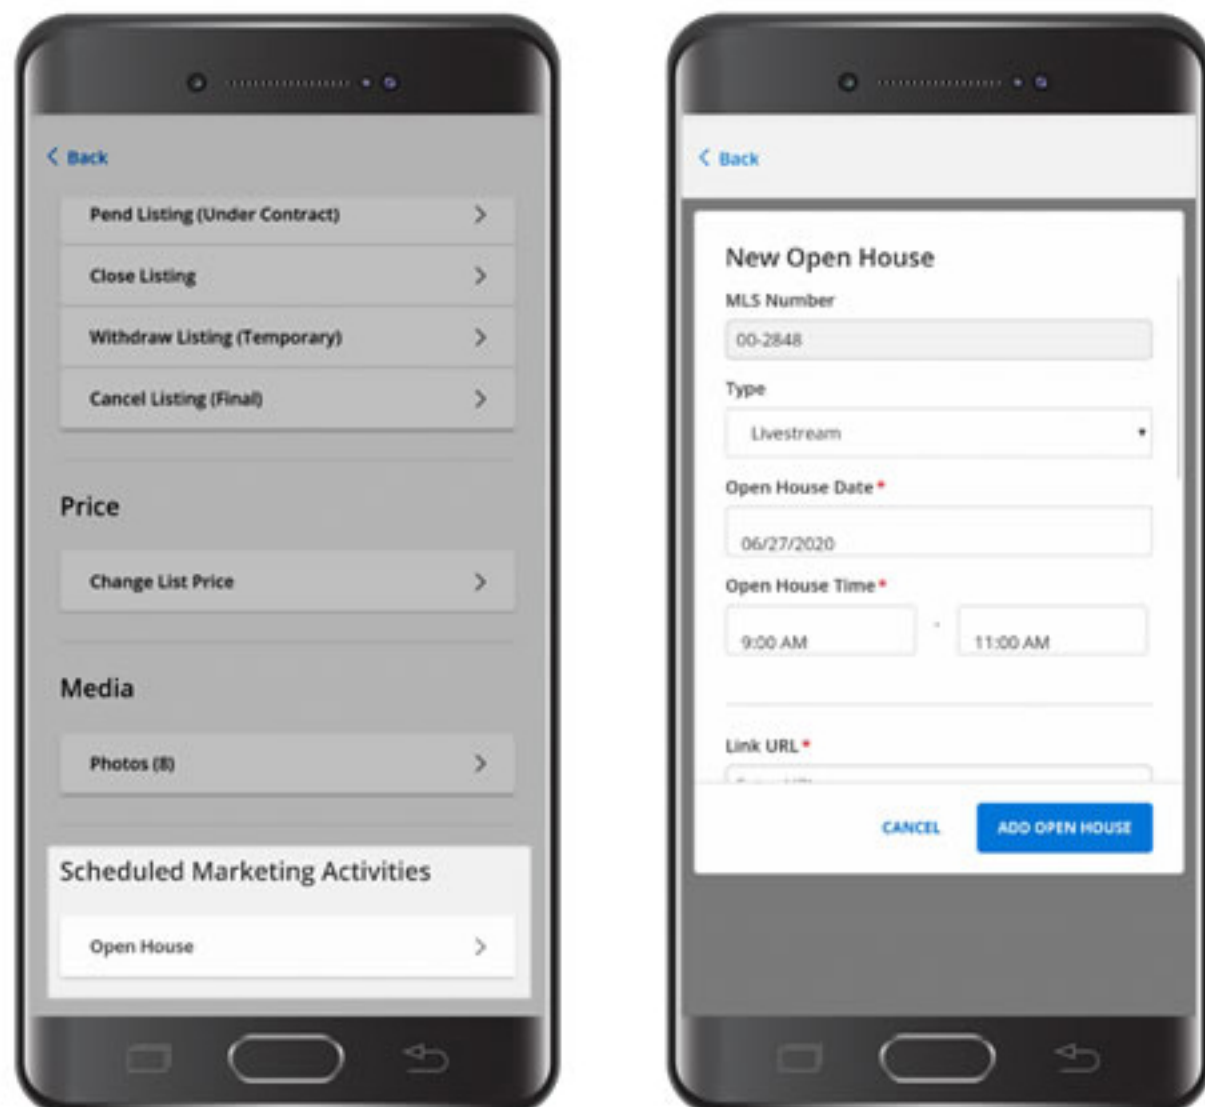

Available at no additional cost through CRMLS

You may now add or edit live stream open houses* from anywhere with the **Flexmls Pro app**! It's available at no additional cost through CRMLS.

In your Flexmls Pro app (or from Flexmls Mobile Web), navigate to the detail page for a listing, tap the **Edit** button, then tap **Open House** in the Scheduled Marketing Activities section of the page.

When you tap this option, a new Open Houses page will open. Tap the **Add** button to create a new open house event. To edit an existing open house, tap the **More** (three dots) menu, then tap **Edit Open House** or **Remove Open House**.

Here is where to go to add or edit live stream open houses in the Flexmls Pro app:

For more information, [click here to read a detailed guide](#) from the makers of Flexmls.

**Please note the terminology change from “virtual open house” to “live stream open house” across all Flex systems.*

*Visit the [CRMLS COVID-19 Resources page](#) for up-to-date information affecting the real estate industry.

Support

We've got you covered. If you are in need of technical support, please click the button below to submit a support request. A California Regional MLS customer care representative will be happy to assist you during regular business hours.
