## CRMLS Paragon is on the way

### Details forthcoming

Attention NSDCAR members: In September, a major Paragon upgrade is coming your way! We're so excited about the upcoming improvements that we wanted to share some of the highlights with you early.

This isn't just a system update, it's a **complete overhaul** of your Paragon platform. (Worry not – your system will still look the same, and you won't have to re-learn everything about Paragon.)

#### Highlights include:

- **Full RESO (Real Estate Standards Organization) compliance:** CRMLS will soon be the only MLS organization in San Diego County to offer nationally standardized data in full compliance with RESO.
- **Standardization of fields:** Due to the feedback we've gathered from NSDCAR members over time, certain fields, including room dimensions, will be removed; others may be changed or added. We're excited to give you an MLS platform that's easier to use than ever!
- **MLS data in alignment with the rest of CRMLS:** Soon, the information on your listings will parallel the rest of CRMLS. This means no more data differences, no more searching for different fields across systems, and a smoother MLS experience overall.

Be on the lookout for more details in the months to come. We'll be sending you helpful information on your new MLS platform this summer, as well as offering no-cost training sessions as we get closer to our launch date. We're looking forward to bringing you CRMLS Paragon soon!
