## CRMLS Flex is on the way

### Details forthcoming

Attention PFAR members:

In August, major Flex improvements are coming your way!

We're so excited about the upcoming improvements that we wanted to share some of the highlights with you early.

This isn't just a system update, it's a **complete upgrade** of your Flex platform designed to further support your business needs.

#### Highlights include:

- **Full RESO (Real Estate Standards Organization) compliance:** CRMLS offers nationally standardized data in full compliance with RESO.
- **Standardization of fields:** Due to the feedback we've gathered from PFAR members over time, certain fields will be removed; others may be changed or added. We're excited to give you an MLS platform that's easier to use than ever!
- **MLS data in alignment with the rest of CRMLS:** Soon, the information on your listings will parallel the rest of CRMLS. This means no more data differences, no more searching for different fields across systems, and a smoother MLS experience overall.

Be on the lookout for more details later this month.

We'll be sending you helpful information on your upgraded MLS platform this summer, as well as offering no-cost training sessions as we get closer to our launch date.

We're looking forward to bringing you CRMLS Flex soon!
