

Auto-link from Paragon to Glide to process your PEAD forms

PEAD: Property Entry Advisory and Declaration

The CDC and DRE recommends real estate professionals abide by certain guidelines during the COVID-19 pandemic. Paragon and Glide have teamed up to help you stay compliant with these guidelines.

What is Glide?

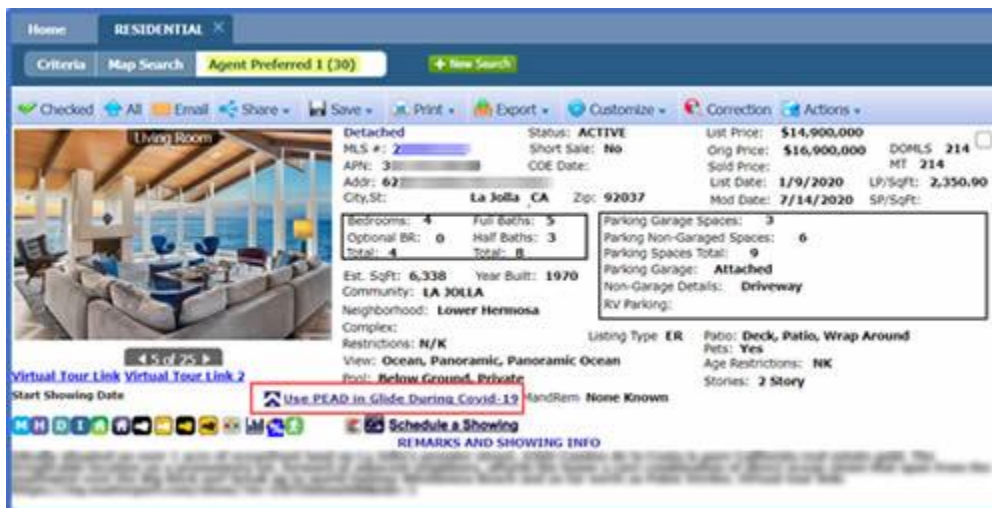

Glide is a product already available to you at no additional cost through your Association/Board. Glide provides a safe, client-friendly alternative to paper disclosure forms, including the C.A.R. PEAD form.

What is the C.A.R. PEAD form?

C.A.R. PEAD stands for California Association of REALTORS® Property Entry Advisory and Declaration. This is a form to be given to and signed by the seller, buyer, agents, and anyone else who is entering a property during the course of a real estate transaction. The form details recommended best practices for marketing, showing, and closing on properties while maintaining compliance with CDC and DRE recommendations.

How do Paragon and Glide work together?

Paragon has integrated a link titled **Use PEAD in Glide during COVID-19** on each property listing detail page that will seamlessly send users to Glide (see below). Glide automatically pulls property address and agent information from the listing to pre-fill the PEAD form.

How does this help your business?

It's an easy way to ensure you are getting the proper forms signed in order to remain compliant with CDC and DRE recommendations during COVID-19. Using Glide allows you to:

- Request signatures via DocuSign or Digital Ink and deliver PEAD forms to the listing agent automatically
- Use a unique link you can share via the MLS, your website, email or text

For more information about this implementation, including a step-by-step workflow, [visit the CRMLS Knowledgebase](#).
