CRMLS Paragon is arriving next month

See your Paragon Upgrade Resources page for information

We're launching a major upgrade to your Paragon system on September 21st! The new system will give you more photos, more listing distribution control, and more input on how your version of Paragon works.

To help prepare you for the upgrade, we've launched Paragon Upgrade Resources page full of valuable information on the differences between the old and new systems.

[Check out the San Diego Paragon Resources Center here.](#)

[Make sure you bookmark this page now.](#) It already contains FAQs and a guide to critical rules differences between systems, and it will contain even more need-to-know information and action items in the coming weeks.

Stay tuned for further communications. We look forward to bringing you CRMLS Paragon this September!
