

Add both videos and virtual tours from one location

Available now

We at CRMLS are excited to introduce a new, combined video and virtual tour entry page. With its modern look and user-friendly interface, it's easier than ever to add, edit, and manage both videos and virtual tours from a single page.

A screenshot of a web interface titled "Videos and Virtual Tours". At the top left, there is a link "< Back to Change Listing". The interface is divided into two main sections: "Videos" and "Virtual Tours". The "Videos" section has a "Limit 1" indicator and shows a card for a "Walkthrough Video" with a thumbnail image of a house. Below the card is a blue button labeled "ADD VIDEO". The "Virtual Tours" section also has a "Limit 1" indicator and shows a card for a "Virtual Tour" with a thumbnail image of a house. Below the card is a blue button labeled "ADD VIRTUAL TOUR". Red rectangular boxes highlight the "ADD VIDEO" and "ADD VIRTUAL TOUR" buttons, as well as the edit/delete icons (represented by small squares with 'x' and 'e' symbols) on the right side of each card.

What's more, this capability extends to your mobile devices. It's currently available on Flexmls Web, the Flexmls For Real Estate Pros Android App, the Flexmls Mobile website (m.flexmls.com). (Stay tuned for updates on the Flexmls For Real Estate Pros iOS App.)

Visit [our Knowledgebase article](#) for detailed information on how to access and use the Video and Virtual Tour Entry page. Use it to add engaging and informative content to your listings and grab more attention (and potential buyers) to your listing **today!**

Thank you for your continued support.
