

High Desert Members: Prepare for Your New CRMLS Matrix System by Accessing Your Dashboard Now

1. Visit our website, <https://go.crmls.org/>, and click on the “MLS Dashboard Login” button.
2. If you **have** used the CRMLS Dashboard before, enter the same username and password you’ve been using.
3. If you **have not** used the CRMLS Dashboard before, scroll down and click on “Forgot Password.”
 - a. On the “Forgot Password” screen, enter your Rapattoni username **PLUS** an “HD” prefix. For example, if your Rapattoni username is 12345, your CRMLS Dashboard username will be HD12345.
 - b. Follow the prompts to reset your password and create a new one. The system will send an email with password reset instructions to the address you have on file with your MLS.
4. For security purposes, as of now, **the CRMLS Dashboard does not save your username or password**. This is a workflow change for you! Be sure to save your MLS username and password in a safe place that only you can access.
5. Until **2/22/2022**, you will still add and edit listings through your current Rapattoni system with your existing username and password. Starting on **Monday, 2/7/2022**, you will have pre-release access to the new Matrix system. We encourage you to use this time to make sure you have your system set up exactly how you want it: verify that your contacts and saved searches came in correctly from Rapattoni, configure your preferences, and start learning about how to use CRMLS Matrix.

Visit the [High Desert AOR Resources Page](#) for more information.
