

Learn how to utilize this new functionality

CRMLS is always looking for ways to streamline your MLS experience and make information easily accessible for our users. [Realtors Property Resource® \(RPR\)](#) is the nation's largest property resource and offers vital data, analytics, and more, all presented with visual flair to impress your clients. Matrix users can now directly access RPR from listings with the help of a handy icon.

Previously, Matrix users could only access RPR via the agent dashboard. With this new deep-link, users can now simply click the RPR icon on a listing (as seen below) and be linked to their specific listing in RPR directly. This means users can access RPR's vital data with ease and efficiency — no additional steps (like re-inputting the property address) required.

If you have questions regarding RPR please contact us with any issues via CRMLS.org/support or by phone at (800) 925-1525.

Thank you for your continued support.
