

A screenshot of the eConnect newsletter. On the left, there's a dark blue sidebar with a white "e" icon. The main content area has a light blue background. At the top left, it says "eConnect" in large blue letters, followed by "The latest news and updates on MLS technology and services." To the right is a photograph of a diverse group of seven people, mostly young adults, sitting around a long white table in an office setting, smiling at the camera.

## Use DPR to expand financial possibilities for your clients

Show your buyers their assistance options at no additional cost

Starting today, **Tuesday 1/17, Down Payment Resource (DPR)** will fully integrate with Flexmls. DPR makes it easy to connect your buyers to down payment assistance, helping them overcome one of the largest hurdles to homeownership – and it's available to CRMLS users at **no extra cost**.

Below is an example of what the new DPR integration will look like in Flexmls.

Buyers are always looking for ways to save on their home loans and down payments. To help expand their buying options, DPR searches its database of approximately 2,300 homeownership assistance programs to determine which properties could qualify for which programs.

For more information on DPR [visit our product page](#).

We at CRMLS are excited to bring you this new integration.
