

New ways to make striking reports

Please review the latest round of Flexmls upgrades

We're excited to bring you the latest user experience improvements to CRMLS Flexmls. The new upgrades, arriving **Thursday, March 23rd**, will improve your Market Summary Report and Market Trends Graph (previously "My Market"). Navigate data with ease by using these intuitive redesigns.

Market Summary Report Updates

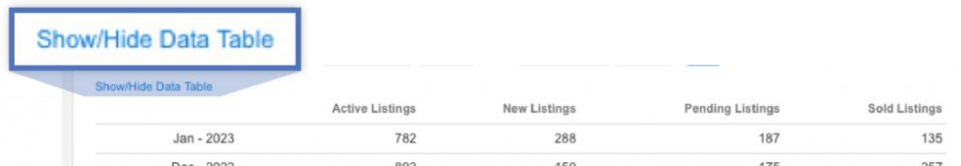

The Market Summary Report has a modernized design that presents information in an attractive and informative way for you and your clients.

Market Trends Graphs

The Market Trends Graph now looks more contemporary, features increased interactivity, and makes data easier to read. You can move between tabs at the top to examine different data sets, and filter results with the options at the

bottom of each graph. You also have the option to Show or Hide the Data Table:

The image shows a screenshot of a data table. A blue callout box with the text 'Show/Hide Data Table' is positioned over a button labeled 'Show/Hide Data Table' at the top left of the table. The table itself has four columns: 'Active Listings', 'New Listings', 'Pending Listings', and 'Sold Listings'. The first row of data is for 'Jan - 2023' with values 782, 288, 187, and 135 respectively. The second row is partially visible for 'Dec - 2022' with values 802, 400, 175, and 257.

	Active Listings	New Listings	Pending Listings	Sold Listings
Jan - 2023	782	288	187	135
Dec - 2022	802	400	175	257
