

REcenterhub™

REcenterhub, a new exclusive product ecosystem of CRMLS, is a distribution center powering critical services and revolutionizing the industry standard for all users.

July 20, 2023

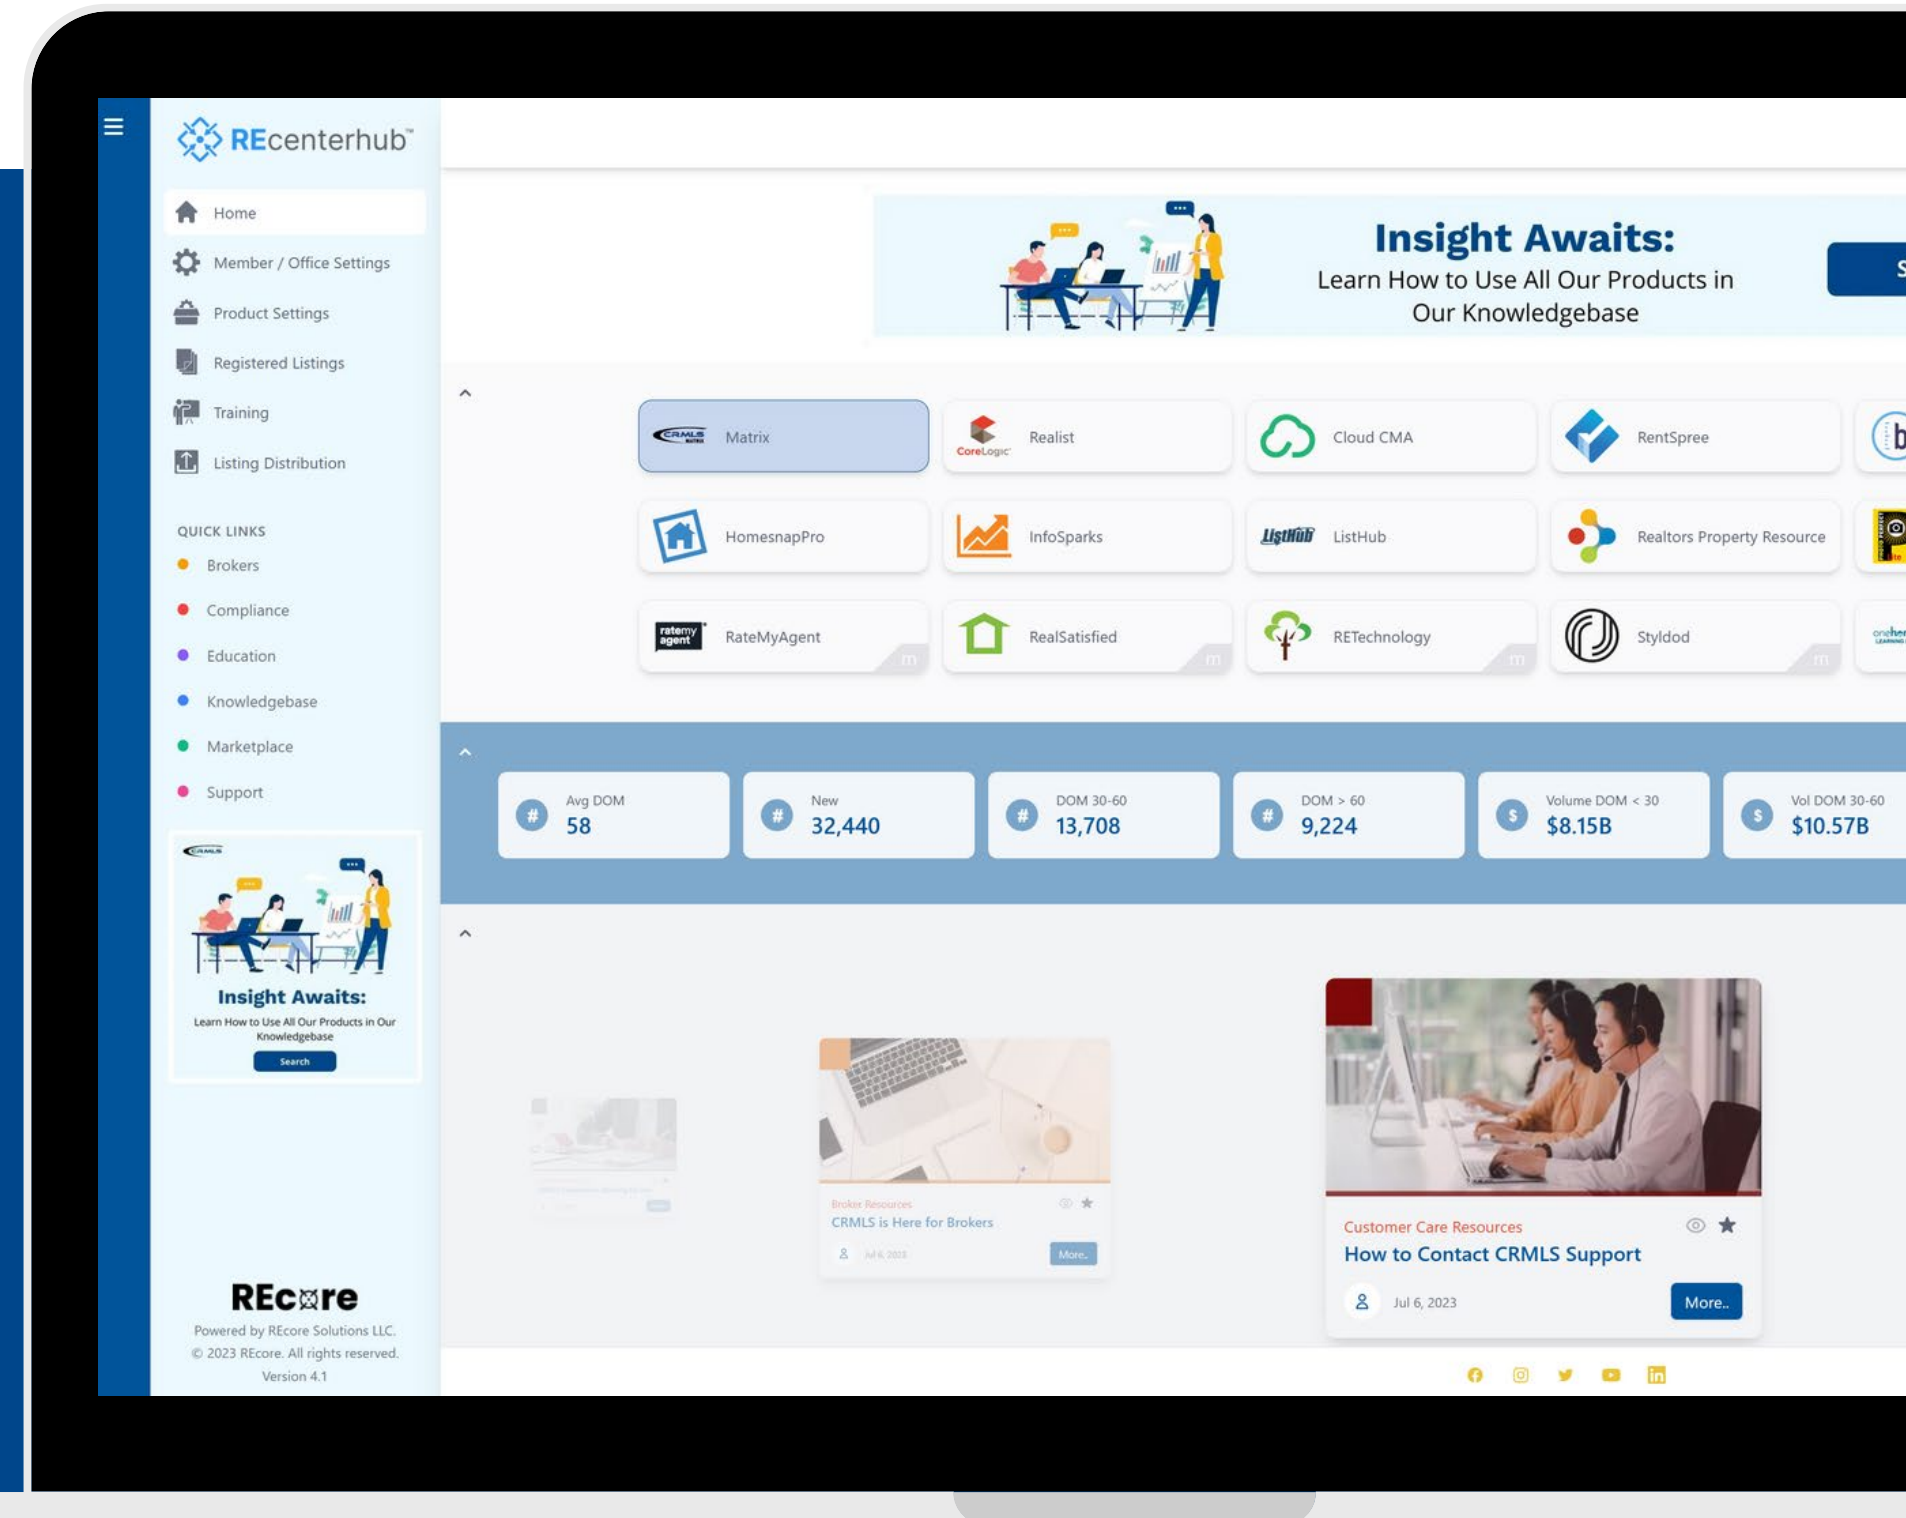

WHY the change?

CRMLS designed and developed the REcenterhub dashboard to provide our users' with:

- clean user interface
- greater personalization options
- streamlining of productivity

In-house development helps us retain the flexibility needed to respond to user needs quicker and more effectively than we would ever have relying on third party vendors.

Overall, it means CRMLS can be of greater service to our users.

The Four Values of REcenterhub

Data-rich

Up-to-date market statistics
