

## Learn how using RatePlug can expand your buyers' options

This 15-minute webinar demonstrates  
how to use RatePlug's mortgage information

Buying a new home, especially a first home, can be intimidating in any kind of market. [RatePlug](#) can help show buyers that there are more affordability options than they may have realized.

RatePlug is a core CRMLS product that processes mortgage information and calculates payment estimates specific to each listing you share with your buyers through the MLS system. Agents can choose their preferred lenders to feature on RatePlug, and receive quality financial data that you and your clients can rely on. This information breaks down the cost of each property and empowers your buyers to make informed, data-driven decisions.

Join Rob Springer, Marketing Director/Partner at RatePlug, for a quick 15-minute overview of all the great features the free tool can offer.

### **A Quick Break with RatePlug**
