Learn your listing's demographics, noise levels, school zones, and more

Local Logic is now fully integrated into the CRMLS Matrix system

Has your client ever asked you about what busses or trains are near a listing? Have they wondered how loud the area is? What about a sense of the neighbors? Instead of doing your own boots-on-the-ground research for every listing, CRMLS is bringing you a new core product that does the legwork for you. **As of today, [Local Logic](#) has been integrated into your CRMLS Matrix system.**

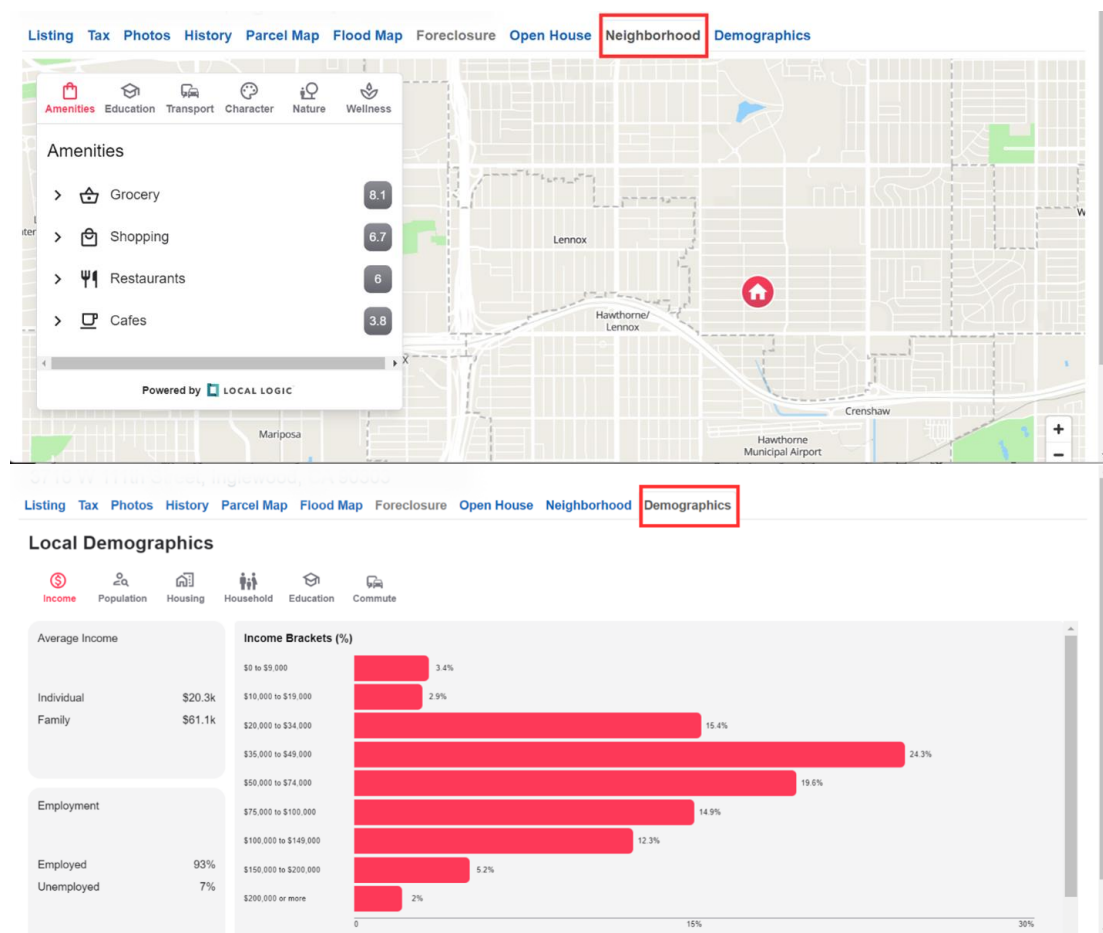

Get valuable, precise neighborhood insights
for a better picture of your property

Local Logic maps and pinpoints localities to give you and your clients a better idea of neighborhood character. From basics like school zones and income demographics to specialized data like noise levels and walkability scores,

Local Logic paints the most complete picture available of exactly where your clients will be moving to.

Local Logic is fully integrated into CRMLS Matrix, which means no extra downloads or separate product to log in to. To access Local Logic, simply navigate to a listing's 360 Property View and click on the Neighborhood or Demographics tabs.

We hope you and your clients enjoy the unparalleled insights Local Logic can offer. Thank you for your continued support.

Thank you,
