All you need for high-quality floor plans is your phone

CubiCasa is available to CRMLS users at no additional cost

The days of tiresome measuring and wasted time are over — [CubiCasa](#) can give you a customizable floor plan after just a five-minute scan of your property via your phone's camera. Once finished, send the scan to CubiCasa and get a no-cost 2D floor plan to add to your listing. Want to see how? Check out [this video](#) for more info.

While 2D floor plans are included as part of the core product offering, CRMLS users get a 25% discount on additional floor plan features such as 3D

elements, furniture, and more. With CubiCasa, you can make your listing stand out how you want.

We hope you enjoy CubiCasa as one of our many no-cost core products and thank you for your continued support.

Thank you,

California Regional MLS
