MLS Match makes the referral process seamless

Xomio offers a robust suite of website-building tools

Starting **Wednesday, February 14**, CRMLS will be bringing users two new products to help them conduct business in an ever-wider network: [MLS Match](#) and [Xomio](#). MLS Match is a core product available by default at no cost to users, while Xomio will be available to purchase in the [CRMLS Marketplace](#).

MLS  **MATCH**

The logo for MLS Match, consisting of the word "MLS" in a bold, blue, sans-serif font, followed by a circular icon containing a stylized blue and white shape, and then the word "MATCH" in the same bold, blue, sans-serif font.

MLS Match connects you with other members statewide, as well as with counterparts across the U.S. and in key foreign markets such as Mexico, for legally binding referrals and a CCPA compliant method of sharing client information. This means no more reams of paperwork when trying to arrange a sale outside of your local market, and more revenue in your pocket. As **MLS Match is a core product**, you'll have automatic access to it on February 14.

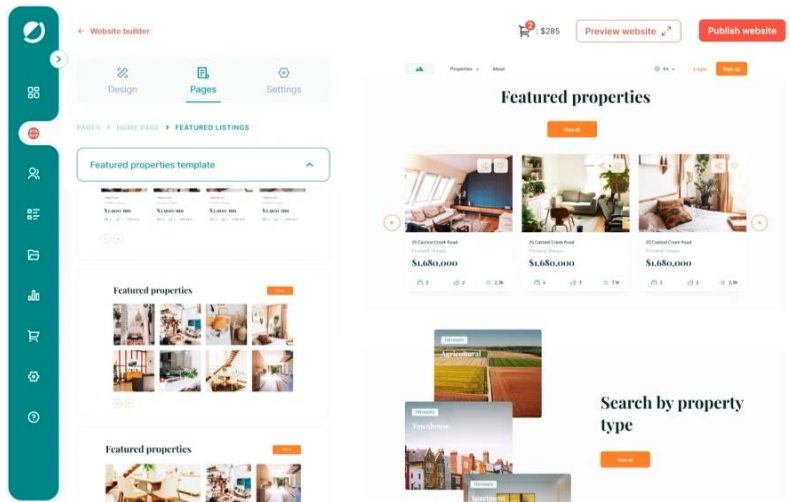

To find out how to get started using MLS Match, you can join our introductory webinar on launch day, **February 14, at 11am**.

X O M I O

Xomio is a website builder created with real estate professionals in mind and is catered to the specific needs of the real estate industry. With its simple drag-and-drop interface, building a professional website is made easy. In addition, Xomio offers fluid translation services (currently available in 19 languages) and indexes information on foreign search engines, which means potential clients can see an agent or broker's listing information in their preferred language. **CRMLS users will receive an exclusive 15% off** by virtue of our agreement made with Xomio.

We're excited to bring you these latest MLS advancements and thank you for your continued support.

Thank you,

California Regional MLS
