Your MLS system now supports a new class of listings

The latest in relief responses to the wildfires

Due to the recent devastation caused by the wildfires across Southern California, your Paragon system now features a new property class: Disaster Relief Rental.

Disaster Relief Rentals are created by any individual looking to offer some part of their property up for temporary rent for people displaced by catastrophes. This property class includes residences, rooms, and even parking for mobile homes. If you are searching on behalf of a client who recently lost their home or have a client looking to rent part or all of their own property for those in need, please use this designation. Thank you for your continued support.

We've Got You Covered
