

eConnect

The latest news and updates on
MLS technology and services.

**With a CRMLS integration, SkySlope Forms
pulls pertinent data right into your online forms**

**Learn more about this new form management platform
in an upcoming webinar**

Your time is precious. That's why CRMLS is bringing you [SkySlope Forms](#), the latest no-cost product coming to all CRMLS users on February 25.

SkySlope Forms is integrated directly into the MLS to auto-populate contract details. With a wide selection of user-built templates and the C.A.R. library of forms, you'll save time while ensuring the MLS integration keeps you in compliance.

SkySlope Forms also comes with a mobile app to keep important forms with you on the go so you can show off your readiness to help your clients. If you'd like to upgrade SkySlope Forms to include e-signature capabilities, you can sign up for a DigiSign account, a separate SkySlope product, and integrate it right into the SkySlope Forms platform (available with a 14-day free trial and only \$64.99/yr afterwards). Separately, you may also link a pre-existing DocuSign account (DocuSign accounts will require documents sent for e-signature to be managed separately), but no other e-signature

products can be integrated with SkySlope Forms.

Curious to see SkySlope Forms in action? Sign up for the upcoming webinar for CRMLS users to see a full demo of just how much easier life can be with SkySlope Forms handling the work for you.

SkySlope Forms and DigiSign for CRMLS Users

Tuesday, February 25 @ 11:00 AM PT
