Get to know the new tool for easy, on-the-go transaction forms and disclosures

Register for a transition webinar especially for Glide users – details below

Preview:Recipient:Name,

As of January 5, 2026, Glide will transition from a no-cost core product to being available at a 25% discount via our CRMLS Marketplace. While Glide can still be purchased at your discretion, **we now also offer a cost-free alternative for managing your disclosure process: [SkySlope Forms and Breeze](#).**

SkySlope Forms accelerates the creation of a new transaction file with C.A.R. forms while Breeze simplifies the seller disclosure process by making a mobile-friendly questionnaire for your clients.

To help the transition from Glide to SkySlope Forms and Breeze, we're offering special webinars just for Glide users that will consider the Glide workflow and show how SkySlope Forms and Breeze can be an even more valuable addition to your toolset. This webinar can also be valuable for transaction coordinators, as SkySlope affords agents the ability to share files with them directly.
